AMENDMENT AFTER FINAL

I. INTRODUCTION

This is in response to the Office Action mailed June 13, 2005 in regard to the above-identified patent application. Reconsideration of the rejection of the claims is respectfully solicited in light of the following amendment and remarks.

Please amend the Application as follows:

Claims 4 and 19 are rejected under 35 U.S.C. 103(a) as being unpatentable over Hirai in view of Lee and further in view of Armanto.

Armanto is about sending ring tones over an SMS message(s) to a mobile phone, which has practically nothing to do with the various personalization aspects of the current invention.

Thus adding it to Hirai and Lee does not result in the present invention. Hence the rejection of claims 4 and 19 should be withdrawn.

For all of the foregoing reasons, it is respectfully submitted that all of the claims now present in the application are clearly novel and patentable over the prior art of record, and are in proper form for allowance. Accordingly, favorable reconsideration and allowance is respectfully requested. Should any unresolved issues remain, the Examiner is invited to call Applicants' attorney at the telephone number indicated below.

The Commissioner is hereby authorized to charge \$220 payment for the additional claims fee and a one-month extension of time, as well as credit any over payment to Deposit Account No. 16-1350.

Respectfully submitted,

Henry I. Steckler
